

"We care for clients in a holistic way and it's always a collaboration between the doctor, client, family and our staff to formulate an individualized plan, no matter the type or degree of support they need".

Kathleen Gore, RN  
Sunshine HomeCare Services

### CDPAP Services

New York State's Consumer-Directed Personal Assistance Program (CDPAP) elderly and disabled people are afforded the opportunity to manage their own homcare, which means they can choose, hire, monitor and terminate their own homcare provider or personal assistant.

Expertise • Kindness • Responsive Care...One Client at aTime™

"Our mission is to provide superior and responsive care from fully licensed health care professionals in a home or other medical care setting with compassion, trust and dedication. We are committed to serve our client's medical and life needs. We take that mission to heart providing expertise, offering kindness and being responsive to one client at a time".

### Additional Services

Sunshine Homecare Staff can help families manage illness, offer options and make connections for additional services such as geriatric care managers / social workers

### Post-Operative Care

Sunshine Homecare clinicians will meet the client at the surgical center or hospital prior to discharge and will provide care at home based on the individual needs for as long as care is required.

Care Matters to you

When someone you love needs care, there are a multitude of concerns. Compassion is important, but not enough. You demand skill, consistency, trust, responsiveness and the highest standard of care. You want the peace of mind that comes from knowing they have the level of care you would give, even when you can't be there.

With licensed, expert services in New York and New Jersey ranging from 24/7 skilled nursing to home companions, Sunshine HomeCare was founded to provide the superior quality of care that clients deserve, as well as the support family members need. We take our mission to heart.

Choosing care

When choosing care, it's crucial to be sure clients in the home are safe and secure. Our staff is licensed, bonded and insured for your peace of mind. Sunshine HomeCare ensures that there will be consistent, uninterrupted service for the client and we continually monitor staff performance. Our commitment is to serve medical and life needs, with the utmost care, one client at a time.

Waiver Program

Nursing Home Transition and Diversion (NHTD) and Traumatic Brain Injury (TBI) Waiver

People with disabilities, seniors and those with TBI experience life altering physical and/ or cognitive disabilities which may include behavioral or emotional issues. The goal of waiver program is to enable participants to live in the community with available services instead of living in a nursing home.

Sunshine Homecare Services is a NYS Dept. of Health approved provider of NHTD and TBI Waiver Services. These programs provide eligible individuals with supportive services that assist them to remain at home or transition from a nursing home.

• Service Coordination (SC)

Assisting individuals obtain and coordinate necessary services that allow them to live in the community.

• Independent Living Skills Training (ILST)

Provides training focusing on increasing independence with acquisition of practical skills such as cooking, shopping, budgeting, home organization.

• Structured Day Program (SDP)

Provides task and socially-oriented group activities designed to increase independence in a site or community setting.

• Community Integration Counseling (CIC)

Personalized assistance to encourage the acceptance of altered abilities, revised expectations, or changing roles relating to significant others.

• Positive Behavioral Interventions Supports (PBIS)

Interventions provided to individuals whose significant maladaptive behaviors, if continued, would result in them being removed from the community.

• Home and Community Support Services (HCSS)

Provides oversight and supervision to individuals with cognitive issues and assistance with daily activities such as bathing, dressing, laundry, cooking, shopping.
